

My Family

This week our home learning suggestions are all based around the theme "My Family". We hope this give you the chance to work together as a family, for siblings to support each other and to cover different subject in a fun, interesting way.

Reading		Writing		Maths	
1. Reading a variety of texts at home. This can include reading books, magazines, instruction manuals or recipes. 2. Write a book review on one of the books you have been reading. Make sure you include – Title, Author, What happened in the story, Characters your favourite part and if you would recommend the book to a friend. 3. Watch Newsround and find out what is happening in the world. What did you find out? Is there anything you need help understanding		4. Write a letter to a member of your family that do not live with you. Tell them what you have been up to, what you've enjoyed, your favourite dinner so far, what you haven't enjoyed, how you are feeling and what you plan to do when the isolation period is over. 5. Write a story that includes the people in your family. You might go on an adventure or solve a mystery. 6. Write a poem about your family. Have a look at https://www.poetry4kids.com/topic/family/ for some inspiration and then write a poem for your family. Spelling Shed Phonics Play Practise Common Exception Word spelling		1. How old is your family? Add up how old each person is in your house. You can include all the people and even pets. I wonder who has the oldest household in the class? 2. Create a tuck shop in your house. Give each person some money, when they want a snack they have to add up how much it costs and how much change they should get back. 3. Practise telling the time. Can you tell the time when it is o'clock, half past, quarter past and quarter too. Challenge the people in your house to tell you the time. Matheltics TTRockstars	
Science	Art/DT/Music	History	Geography	Discussion	
Make your own Rock Candy. See the attached page with instructions. Each person could make their own and see who grows the most candy!	Draw, paint, collage or build a family portrait. Create a picture of your family. You may do this using any resources you have. Can you make it realistic with lots of details? You might even include your pets.	Create a family tree. Can you work together with your family to create a family tree. You can use pictures or just names to build your tree. Start with yourselves at the bottom and build upwards with your parents, grandparents. You can add as many relatives as you want! There is an example attached for you to use to support.	On a map of the world can you mark off or colour in all the countries that your family have ever visited? You could call different aunts, uncles, cousins and grandparents to ask them as well! Which continent was the most visited? Where would you like to visit?	Take a moment to sit down and look at family photographs together. Show pictures that may include family that you haven't seen or the children haven't met. Talk about these people, what they did and how they are related to you. Share memories of the people and the events in each picture. Allow the children to ask questions about the people.	

History – Family Tree
 Royal Family Example

Science – Make rock candy

You will need:

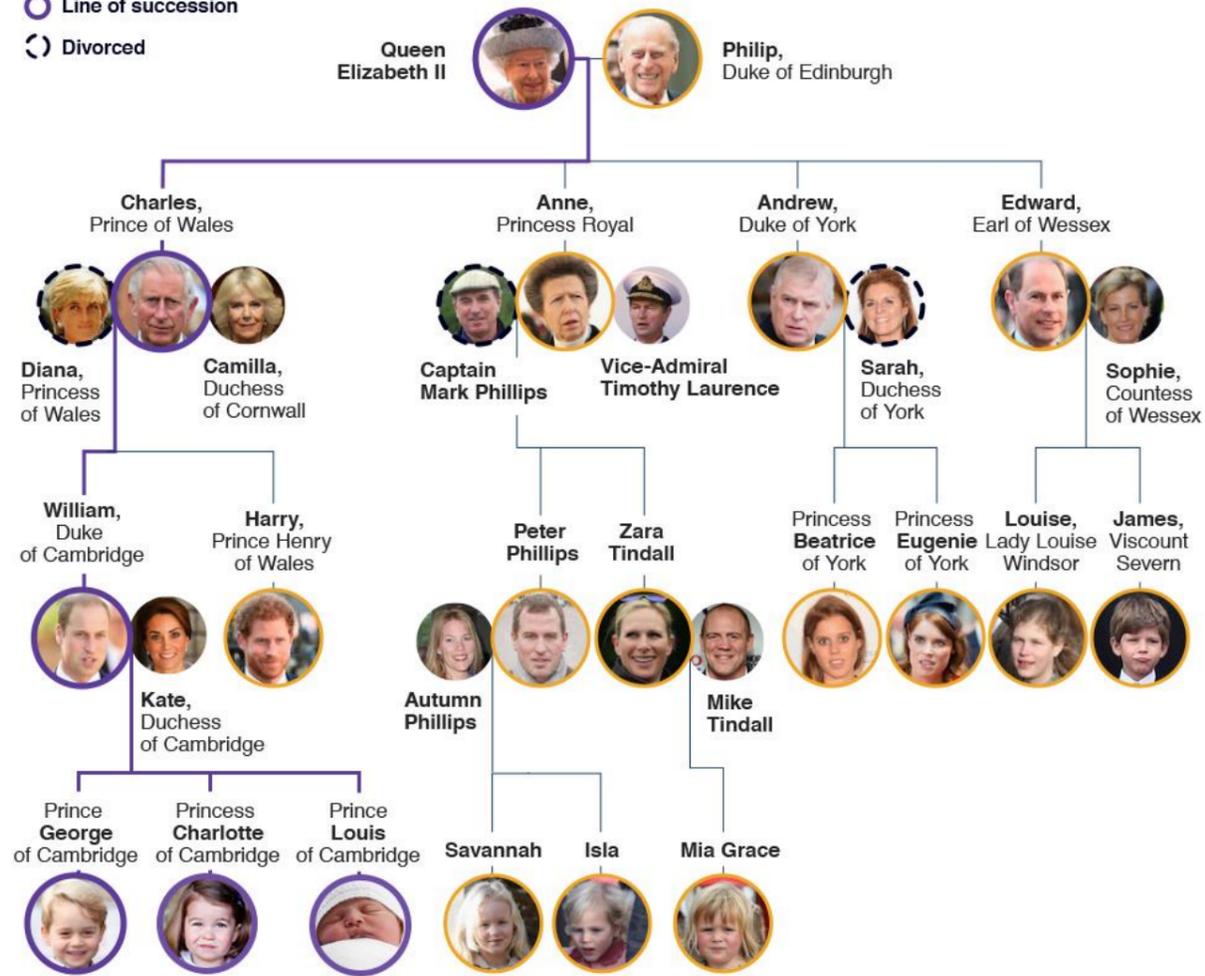

- Jam jar
- Sticks
- Saucepan
- Clothes peg
- Sugar
- Water
- Paper towel (kitchen roll or normal paper)
- Food colouring (optional)

Method:

- 1) First boil 2 cups of water in the saucepan. Once boiling add 4 cups of sugar.

○ Line of succession

⌂ Divorced

- 2) Boil this solution and continue to stir until all of the sugar has dissolved.
- 3) Leave the sugar water to cool for 15-20 minutes.
- 4) Wet the sticks with some water and then roll in some more sugar.
- 5) Leave the sticks to completely dry before moving on.
- 6) Add the food colouring to the sugar water solutions if you want your candy to be coloured.
- 7) Once the solution has cooled, carefully pour into the jar.
- 8) Place the stick into the centre of the jar. Do not let it touch the bottom or sides.
- 9) Make a small hole in the paper towel and the stick through it so the paper is resting on the top of the jar.
- 10) Attach the clothes peg to your stick and rest the peg against the rim of the jar. See the picture to help.
- 11) Place the jar in a cool, quiet place so that it is not disturbed.
- 12) You will now need to leave the jar completely still. Any movement will stop the crystals from forming.
- 13) Check your jar every day to observe any changes.
- 14) After 1-2 weeks you will see the candy forming.
- 15) If you are allowed to eat it then you will need to remove the stick and leave to dry before eating!
